EGLO TREND HIGHLIGHTS

2022/23

The EGLO design team has once again drawn on current mega-trends as a source of inspiration for the 2022/23 season. The new EGLO products' use of shape and colour, choice of materials, and overall aesthetic harmonise perfectly with both contemporary and future living trends. Minimalism and the increasingly popular use of materials and colours such as brass and earth tones have had a particularly strong influence on this season's luminaire designs.

Auf Basis der Megatrends hat sich das Design-Team von EGLO auch für die Saison 2022/23 inspirieren lassen. Mit ihrer Formsprache, Farbgebung sowie den verwendeten Materialien fügen sich die EGLO Neuheiten in die aktuellen wie auch zukünftigen Wohntrends ein. Der Trend des Minimalismus sowie die Verwendung von Materialien und Farben wie Messing und Erdtöne haben auf die aktuellen Leuchten-Designs besonderen Einfluss genommen.

Sur la base des mégatendances, l'équipe de conception EGLO a également été inspirée pour la saison 2022/23. Avec leur langage visuel, leur palette de couleurs et les matériaux utilisés, les innovations EGLO s'intègrent dans les tendances de la vie d'aujourd'hui et de demain. La tendance au minimalisme et l'utilisation de matériaux et de couleurs tels que le laiton et les tons de terre ont eu une influence particulière sur les conceptions actuelles de nos luminaires.

Minimalism - The art of less, the conscious reduction of shapes and colours to the bare essentials, is reflected in our luminaires. Clear and simple shapes and plain colours combine to create a calm atmosphere, in keeping with the maxim "less is more". Warm grey tones and timber elements give the room a welcoming touch, adding atmospheric highlights and offering a harmonious stage for your entire living space to work its magic without any distractions.

Minimalismus - Der bewusste Verzicht und die Kunst, Form und Farbe auf ein Minimum zu reduzieren, spiegelt sich in unseren Leuchten wider. Frei nach dem Prinzip „Weniger ist mehr“ sorgen klare und einfache Formen sowie schlichte Farben für eine ruhige Atmosphäre. Für die nötige Gemütlichkeit setzen warme Grautöne oder Holzelemente stimmungsvolle Akzente und bieten eine harmonische Bühne, um den gesamten Raum ganz ohne Ablenkung für sich wirken zu lassen.

Le minimalisme - Nos lampes reflètent un renoncement volontaire et l'art de réduire au minimum formes et couleurs. Selon le principe « faire plus avec moins », des formes claires et simples et des couleurs unies créent une atmosphère paisible. Pour le confort, des tons gris chauds ou des éléments en bois mettent en place une ambiance agréable et un décor harmonieux pour vous permettre de travailler dans une pièce sans aucune distraction.

ONEDA

MANZANARES

Brass - Brass so popular back in the 50s and 60s, is currently enjoying a new wave of popularity. Skilfully paired with contrasting materials, the gleaming metallic hues of brass bring a touch of luxury to living spaces without appearing old-fashioned. We have incorporated the high-quality material into our new luminaire models and combined it with diverse other materials to create captivating modern designs that can be integrated into a variety of interiors, from urban to classical to minimalist.

Messing - Der bereits in den 50er und 60er Jahren so populäre Messingtrend erfreut sich aktuell an neuer Beliebtheit. Gekonnt kombiniert und kontrastreich in Szene gesetzt, bringt Messing mit seinem strahlenden Metallton einen Hauch von Luxus in die Wohnräume, ohne altmodisch zu wirken. Das hochwertige Material haben wir in unsere neuen Leuchten-Modelle einfließen lassen und in Kombination mit verschiedenen Materialien charmante und moderne Designs geschaffen, die sich in unterschiedliche Einrichtungen von urban über klassisch bis hin zu minimalistisch integrieren lassen.

Le laitton - La tendance du laitton, déjà si populaire dans les années 50 et 60, est actuellement à nouveau au goût du jour. Habilement combiné et mis en scène avec de riches contrastes, le laitton avec sa teinte métallique brillante apporte une touche de luxe aux espaces de vie sans paraître démodé. Nous avons incorporé ce matériau de haute qualité dans nos nouveaux modèles de luminaires et, en combinaison avec divers matériaux, avons créé des designs charmants et modernes qui peuvent être intégrés à des aménagements différents, qu'ils soient notamment urbains, classiques ou encore minimalistes.

Warm earth tones - The very popular back-to-nature trend has also brought about a significant shift in the field of design. More and more people have been embracing a return to nature in recent years and the associated use of natural materials has also left its mark on the world of colour, heralding the rise of brown as the new black. The colour brown in all its many facets can be beautifully paired with almost any other colour and, thanks to its diverse earthy tones, not only lends our living spaces a touch of naturalness, but also conveys a sense of warmth and comfort. Combining this year's popular colour trend with wood and brass elements helps accentuate its distinctive appeal.

Warme Erdtöne - Der starke Trend hin zu mehr Natürlichkeit hat auch im Design einen bedeutsamen Wandel bewirkt. Die in den letzten Jahren deutlich an Bedeutung gewonnene Verbundenheit zur Natur und die damit einhergehende Verwendung von natürlichen Materialien hat auch die Farbwelt geprägt und lässt Braun als das neue Schwarz triumphieren. Braun in all seinen Facetten lässt sich hervorragend kombinieren und verleiht unseren Wohnräumen durch seine vielfältigen Erdtöne nicht nur einen Hauch von Natürlichkeit, sondern vermittelt Gemütlichkeit und Behaglichkeit gleichermaßen. Die Kombination mit Holz oder Messing verleiht der neuen Trendfarbe ihre besonderen Akzente.

Des tons chauds de terre - La forte tendance vers un caractère plus naturel a également entraîné un changement significatif dans notre conception. Le lien avec la nature, qui a grandement gagné en importance ces dernières années, et l'utilisation associée de matériaux naturels ont également façonné l'univers des couleurs : c'est ainsi que le brun a détrôné le noir. Le brun sous toutes ses facettes peut être parfaitement combiné et, avec ses divers tons de terre, non seulement donner à nos salons une touche naturelle, mais aussi procurer confort et bien-être dans le même temps. La combinaison de cette nouvelle couleur tendance avec le bois ou le laiton lui confère ses accents si particuliers.

EGLO CONNECT.Z ILLUMINANT

One illuminant – numerous possibilities: 16.7 million colours and over 50,000 white tones ensure the right atmosphere in your home at all times. The illuminant can be controlled via remote control or app using Bluetooth technology: You can control the brightness or adjust colour tones – and all this without complicated installation and comfortably from the sofa.

But the illuminant can do much more: it can be expanded at will using intelligent mesh technology, and up to 50 illuminants can be grouped together. This makes it easy to create and program a wide variety of lighting scenarios. You can also use the app to select from a large number of pre-set lighting scenes.

Security is not neglected either, as the illuminants form a self-contained network and are therefore protected from external access.

EGLO CONNECT.Z LEUCHTMITTEL

Ein Leuchtmittel – zahlreiche Möglichkeiten: 16,7 Millionen Farben und über 50.000 Weißtöne sorgen jederzeit für die richtige Stimmung in Ihrem Heim. Über die Bluetooth-Technologie kann das Leuchtmittel per Fernbedienung oder App gesteuert werden: Sie können die Helligkeit kontrollieren oder Farbtöne einstellen – und das alles ohne aufwändige Installation und bequem vom Sofa aus.

Aber das Leuchtmittel kann noch viel mehr: es lässt sich per intelligenter Mesh-Technologie beliebig erweitern, bis zu 50 Leuchtmittel sind hierbei gruppierbar. So lassen sich problemlos und einfach unterschiedlichste Lichtszenarien erstellen und programmieren. Mit der App können Sie aber auch aus einer Vielzahl vorgegebener Lichtstimmungen auswählen.

Auch die Sicherheit kommt nicht zu kurz, denn die Leuchtmittel bilden ein in sich geschlossenes Netzwerk und sind somit vor Zugriffen von Außen geschützt.

AMPOULE EGLO CONNECT.Z

Une seule ampoule – de nombreuses possibilités : 16,7 millions de couleurs et plus de 50 000 tons de blanc assurent à tout moment la bonne ambiance dans votre maison. L'ampoule peut être commandée via une télécommande ou une appli, utilisant la technologie Bluetooth : Vous pouvez contrôler la luminosité ou régler les tons de couleurs – et tout cela sans installation compliquée et de manière confortablement depuis votre canapé.

Mais l'ampoule peut faire beaucoup plus : elle peut être étendue à volonté grâce à la technologie Mesh intelligentes, et jusqu'à 50 ampoules peuvent être regroupées. Il est ainsi facile de créer et de programmer une grande variété de scène lumineuse. Vous pouvez également utiliser l'appli pour sélectionner un grand nombre d'ambiance lumineuse prédéfinies.

La sécurité n'est pas négligée non plus, car les ampoules forment un réseau fermé et sont donc protégées des accès externes.
